

WIKTORIA SUDAK

UI/UX DESIGNER & FRONTEND ENGINEER

+447401336977 | wiktoria.sudak@icloud.com | London, UK | wiktoriasudak.com | linkedin.com/in/wksudak

PROFILE OVERVIEW

UX Engineer certified in Google UX Design and AI & Software Development, bringing over 8 years of cross-functional experience across recruitment, events, and operations in high-end hospitality. I design and build end-to-end: from responsive prototypes across web, mobile, and desktop to production-ready code - accelerating my workflow with AI-assisted tools and scalable design systems.

TECHNICAL SKILLS

UX & Design: Figma (MCP & Dev Mode), UX Research, Usability Testing & User Interviews, User Personas, User Flows, Journey Mapping, Wireframing, Prototyping (Flows, Interactions & Animations), Responsive Web Design, WCAG Accessibility, Design Tokens, Component & Variant Design, Information Architecture
Development: HTML5, CSS3 (Grid, Flexbox, Animations), JavaScript (Node.js), React (learning), TypeScript (learning), Bootstrap, Ruby on Rails, SQL (SQLite, PostgreSQL), Git, GitHub, GitHub Pages, REST APIs, WebSockets
AI & Integrations: Replit, Cursor, Framer, Anthropic (Claude Code, Claude Design), OpenAI (API, Codex, Content Generation), Algolia, Elasticsearch, Builder.io
Systems & Tools: ePOS Systems (Lightspeed, Horizon/Tissl), Stocktake Online, Adaco, Database Management

PROFESSIONAL SKILLS

Team Leadership & Mentoring, Recruitment & CV Screening, Training & Onboarding, Performance Management, Event Planning & Coordination, Inventory Management, Budget & Expense Reporting, Staff Scheduling

EDUCATION & CERTIFICATIONS

Le Wagon London AI & Software Development	December 2025
Google Remote UX Design	March 2026
Open University Remote BSc Design & Innovation	March 2022

PROFESSIONAL EXPERIENCE

UX Engineer Freelance, Remote	November 2025 – March 2026
Owned the full independent UX process involving 8 user interviews, 5 usability studies, and two rounds of iterative design. Defined research goals, recruited participants, synthesized findings, and translated them into design iterations in Figma, accelerating each stage using AI tools & plugins such as Figma MCP, Claude Code & Claude Design. Built and tested prototypes end-to-end, from user flows through to high-fidelity UI.	

Frontend Lead | Le Wagon, London

October 2025 – December 2025

Led front-end for a 5-person team, owning all client-side interactivity, animation and UI responsiveness. Contributed to AI-powered, natural-language book search using retrieval-augmented generation (RAG). Shipped core library features – custom shelves, read-tracking with start/finish dates, shelf editing – integrating the Open Library API for covers and metadata. Integrated Bookshop.org for purchases, directing revenue to independent bookstores as a values-led alternative to Amazon-centric competitors.

Bar Supervisor | Dinings SW3, London

June 2024 – May 2025

Led the bar team service & operations in collaboration with the kitchen to align bar menu offerings with the restaurant's ethos of Japanese European fusion and sustainability. Crafted a seasonally rotating cocktail menu that integrated local and Japanese ingredients, aligning with the restaurant's commitment to sustainability and culinary innovation. Developed SOPs across health & safety, purchasing, and stock management - reducing waste and bringing consistency for new hires and day-to-day service.

Bartender to Senior Bartender | Broadwick Soho, London

July 2023 – May 2024

Core opening team for London's luxury five-star award-winning hotel situated in the vibrant heart of Soho, building Flute bar operations from the ground up. Delivered presentations and staff trainings on cocktails & spirits production (namely Whiskeys of the world), covering the full production process from raw material selection to bottling. Developed cocktail and spirits menus, staff training manuals, stock control systems and SOP procedures. Led training and onboarding of new FOH & BOH hires.

Event Supervisor | Freelance, London

April 2022 - July 2023

Oversaw bar and event operations for private clients at national sporting events, VIP functions, and river cruises - managing service delivery, vendor coordination, and on-site logistics.

Sales & Marketing Agent | Ecohome Ltd, London

November 2020 – April 2022

Hit the company's monthly sales record, bringing in £120,000 in monthly sales revenue in January 2021. Handled inbound enquiries, coordinated bookings and closed sales to meet set targets. Worked independently and remotely as part of a small team.

HR & Recruitment Coordinator | Do & Co International Catering, Global

July 2019 – April 2020

Led recruitment, training and staff allocation across international events including Formula 1, UEFA Champions League, ATP Madrid, and EURO 2020. Built and managed a team of around 20, running training days for new hires, and maintaining the employee database across a fast-moving international schedule.

Finance Administrator | Do & Co International Catering, Global

July 2019 – April 2020

Managed payroll, social security, and employment contracts for up to 400 staff members across the global Formula 1 calendar, working independently at events and remotely between them.

Airline & International Events Supervisor | Do & Co Events & Airline Catering, London October 2017 – July 2019

Supported senior management in preparing and delivering client presentations for British Airways and Cathay Pacific. Supervised daily lounge operations for British Airways, Lufthansa, and Emirates at London Heathrow Airport terminals 2 & 3. Supported our international events team in FOH operations across 22 countries at events including Formula 1, ATP Madrid, and UEFA Champions League.
